

# Görkem Han Jr. - Shattered

Tom: G

Hold my hand, we're going down  
 It's not too late while we still have time

I would love to stay with you one more day

Why do you want to break away?

I will miss you every single day

Hope you'll come back one day

Hold my hand, we're going down

I would love to stay with you one more day

Why do you want to break away?

Hope you'll come back one day
