And I promise this time I'm ready
Abm Dbm

But I already know

Acordes

I already care
I can't be myself and carry on
When you're not there
I don't want you to go, no
Tell me you'll stay
Tell me this heart that you gave me won't go away

And I already know
I already care
I can't be myself and carry on
When you're not there
I don't want you to go, no
Tell me you'll stay
Tell me this heart you gave me won't go away
Tell me this heart you gave me won't go away
