

Grace VanderWaal - Hideaway

tom:

Intro: Am F C G

[Verse 1]

Let's wrap a blanket 'round us and go flyin'
 Into outer space
 We could be famous, speak a different language
 Make our great escape

[Pre-Chorus 1]

I'll chase the stars inside your eyes
 And follow you into the great unknown
 We'll be alone

[Chorus 1]

So let's just play pretend and find a secret place
 When the world around us says that we should act our age
 The day is gonna come when there's no time left to waste
 But we'll never grow up, I say we hide away

[Verse 2]

And build a city, something out of nothing
 Make this place a home (home, home, home), a home (hey hey hey-yeah)
 Stay make-believing, we'll go disappearing
 Who would ever know? (hey hey hey-yeah, hey hey hey-yeah)

[Pre-Chorus 2]

We'll never be too far apart
 'Cause in the end, you and I both know

There's somewhere we can go

[Chorus 2]

So let's just play pretend and find a secret place
 When the world around us says that we should act our age
 The day is gonna come when there's no time left to waste
 But we'll never grow up, I say we hide away

[Bridge]

(Ooooooh-ooh, ooooooh-ooh)
 I just want to hide away
 (Ooooooh-ooh, ooooooh-ooh)
 Hide away, hide awa-a-a-a-ay, hide away
 (Ooooooh-ooh, ooooooh-ooh)
 Hide away, we'll never grow up, I just want to hide away
 (Ooooooh-ooh, ooooooh-ooh)
 Hide away, hide awa-a-a-a-ay, hide away
 (Ooooooh-ooh, ooooooh-ooh)
 Hide away, -ay
 (Ooooooh-ooh, ooooooh-ooh)

[Chorus 3]

So let's just play pretend and find a secret place
 When the world around us says that we should act our age
 The day is gonna come when there's no time left to waste
 But we'll never grow up, I say we hide away

[Outro]

So let's just play pretend and find a secret place
 When the world around us says that we should act our age
 The day is gonna come when there's no time left to waste
 But we'll never grow up, I say we hide away
 Don't make me grow up, I say we hide away
