

Grace VanderWaal - Light The Sky

Tom: C

Stars, they got nothing on us ^C
 I don't think you understand ^{Am} ^G
 Let's go out and do ^C
 Something we'd never do ^F
 Cause I feel like I can do ^{Am}
 Anything when ^G
 My head is spinning ^C
 And my feet are off the ground
 When I can't stop dancing ^F
 Like no one's around
 And yeah, I think we were born to shine ^{Am} ^G
 Cause' the stars are dull when their ^F
 Compared to you and I ^C ^G
 And if people dont like it ^F
 Then they can close their eyes ^C ^G
 'Cause we're not the same ^F
 And we don't have to try ^C ^G
 We're brighter than fireflies ^F ^G
^C

We're gonna light the sky

Oh, oh, oh (X2) ^F ^C ^G
 Light the sky

You and me ^C
 Me and you ^F
 We will shine through ^{Am} ^G
 You and me ^F
 Me and you ^C
 We will shine ^{Am} ^G

Cause' the stars are dull when their ^F
 Compared to you and I ^C ^G
 And if people dont like it ^F
 Then they can close their eyes ^C ^G

'Cause we're not the same ^F
 And we don't have to try ^C ^G
 We're brighter than fireflies ^F ^G
 We're gonna light the sky ^C

Oh, oh, oh ^F ^C ^G
 Light the sky ^C
