

Gracie Abrams - Full Machine

tom:

Intro: G C G C

I'm a rollercoaster
 You're a dead-end street
 But won't you stay for a while?
 I wish that you'll never leave
 I know why I know better
 You're no guarantee
 But if you asked me to run
 Wait, I'd go easily

I almost lost it
 I'll heal eventually
 But faster if you're next to me, next to
 Me
 I'm codependent
 But tryin' hard not to be
 I'm better when you're next to me

I'm a shameless caller
 You're a full machine
 But won't you answer tonight
 And say somethin' nice to me?
 And you don't have to mean it
 You can lie to me
 But if you asked me to run
 Wait, I'd go easily

I almost lost it
 I'll heal eventually
 But faster if you're next to me, next to
 Me
 I'm codependent
 But tryin' hard not to be

I'm better when you're next to me, next
 To me, oh

Well, do you think we can talk?

'Cause I've been trying to tell you
 How you're the one that I turn to, mmm
 But I should probably stop
 Instead of forcin' a breakthrough
 It's just that I'll always choose you

I'm a forest fire
 You're the kerosene
 I had a life, yeah, before you
 But now it's burnin'
 I know I know better
 But you're ignorin' me
 Still, if you asked me to run
 Wait, I'd go easily

I almost lost it
 I'll heal eventually
 But faster if you're next to me, next to
 Me
 I'm codependent
 But tryin' hard not to be
 I'm better when you're next to me, next
 To me

Well, do you think we can talk?

'Cause I've been trying to tell you
 How you're the one that I turn to, mmm
 But I should probably stop
 Instead of forcin' a breakthrough
 It's just that I'll always choose you
