

# Gracie Abrams - Gave You I Gave You I

tom:

[Primeira Parte]

You were my <sup>C</sup>worst time, you were <sup>F2</sup>the shoreline  
 You were the <sup>C</sup>crash, and now I <sup>G</sup>break  
 Gave you my <sup>C</sup>best days, gave you the <sup>F2</sup>deep pain  
 Gave you I, gave you I, gave you I, gave you I  
 Not what you wanted, was I <sup>F2</sup>self-appointed?  
 I slowly <sup>C</sup>moved into your house  
 All of my dark <sup>C</sup>blue, covered it for you  
 But I'm just so <sup>G</sup>embarrassed now

[Refrão]

And you did all that I wouldn't do  
 Erasing lines around us  
 I held my head, I used to hold you  
 But now I'll walk around us  
 And I can't lie and claim confused  
 When I know just what happened  
 You got bored and I felt used  
 Now I'm all sad about it  
 ( C F2 C G )

[Segunda Parte]

What did I ask for that I now pay for?  
 Would it have killed you to explain?  
 That you weren't ready and you nearly told me  
 And, still, I gave you I, gave you I, gave you I  
 My honest commitment, I sat and listened  
 I was your floorboard, holdin' it down  
 And you went off running away from something  
 That I have nothing to do with now

[Refrão]

And you did all that I'd never do  
 Erasing time around us  
 I held my breath, I used to hold you  
 But now I'll walk around us  
 And could you not deny the truth?  
 'Cause I know just what happened  
 You got bored and I felt used  
 Now I'm all sad about it  
 [Ponte]

When did you slip through my fingers? Did I ever have you?  
 Was I just a placeholder to fill the hole inside you?  
 I've been feeling sick, but I should help myself, not call you  
 Nothing left to say 'cause you're not over her, now are you?

[Refrão]

And you did all that I wouldn't do  
 Erasing lines around us  
 I held my head, I used to hold you  
 But now I'll walk around us  
 And I can't lie and claim confused  
 When I know just what happened  
 You got bored and I felt used  
 Now I'm all sad about it

[Final]

Oh, you got bored and I felt used  
 Now I'm all sad about it  
 Oh, you got bored and I felt used  
 Now I'm all sad about it  
 Oh, you got bored and I felt used  
 Now I'm so sad about it
