

Gracie Abrams - I Know It Won't Work

tom:
A (forma dos acordes no tom de Ab)
Capostrate na 1ª casa

[Primeira Parte]

Bm G
I left you here
D A
Heard you keep the extra closet empty
Bm G
In case this year
D A
I come back and stay through all my

Twenties
Bm G
What if I won't
D A
How am I supposed to put that gently?
Bm G
And down the road
D A Bm
You will love me until you resent me
(D G A)

[Segunda Parte]

Bm G
I've had the thought
D A
Tried to work it out through anxious
Pacin'
Bm G
What if I'm not
D A
Worth the time and breath I know you're
Savin'?
Bm G
But it's a lot
D A
All the shine of half a decade fadin'
Bm G
The whole facade
D A Bm D G A
Seem to fall, but it's complicated

[Refrão]

D G
A part of me wants to walk away 'til you
Really listen
D Em
I hate to look in your face and know
That we're feelin' different
D G
'Cause part of me wants you back, but
D Em
I know it won't work like that, huh
D G
Why won't try movin' on for once? That
Might make it easy
D Em
I know we cut all the ties, but you're
Never really leavin'
D G
And part of me wants you back, but
D Em D G
I know it won't work like that, huh
D

[Terceira Parte]

G

I'll open up
 And thinkin' everythin' you wish I wasn't
 The call was tough
 But you're better off, I'm bein' honest
 So, won't you stop
 Holdin' out for me when I don't want it?
 Just brush me off
 'Cause I'm your ghost right now, your
 House is haunted

[Refrão]

A part of me wants to walk away 'til you

Really listen

I hate to look in your face and know

That we're feelin' different

'Cause part of me wants you back, but

I know it won't work like that, huh

Why won't try movin' on for once? That

Might make it easy

I know we cut all the ties, but you're

Never really leavin'
 And part of me wants you back, but
 I know it won't work like that, huh
 (Oh-oh-oh)
 I know it won't work like that, huh
 (Oh-oh, oh-oh)
 I know it won't work like that, huh
 A part of me wants to walk away 'til you

Really listen

I hate to look in your face and know

That we're feelin' different

'Cause part of me wants you back, but

I know it won't work like that, huh

Why won't try movin' on for once? That

Might make it easy

I know we cut all the ties, but you're

Never really leavin'

And part of me wants you back, but

I know it won't work like that, huh
