

Gracie Abrams - Tough Again

tom:
G

[Primeira Parte]

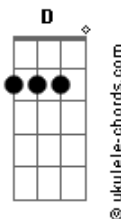

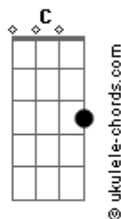

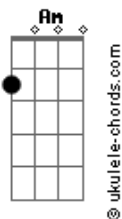

Am G
I still remember the start of the play
C D
Back alley party, you begged me to stay
Am G D
Hate I can't picture the look on your face at all

Am G
I fell in line, I let you say the word
C D
I was confused when you called me mature
Am G D
Dying to carry the weight of your world, of it all

[Refrão]

Am G
And I couldn't slow you down
C D
'Cause you had found me out back there
Am C D
You made me weak, but now I feel tough again

Acordes

Am G
And you know I was your crime
C D
You kept me up at night back then
Am C D
Look who got out in time, I feel tough again

[Segunda Parte]

Am G
I changed my body and bled 'cause of you
C D
Tricked into thinking I wanted that too
Am G
All of my patience, I forwarded to you
D
Did you not care?

[Refrão]

Am G
I couldn't slow you down
C D
'Cause you had found me out back there
Am C D
You made me weak, well I, I feel tough again
