

# Gragoatá - Menina

tom:

A

A

Menina, olha pro céu  
A nuvem que vem

Pronta pra desaguar

Menina, a chuva vem vindo

Mas você nem sai do lugar

Mas sei, que já me disseram

Que a chuva só cai

Pra te ver dançar

Menina, ela te conhece

Menina, ela quer te agradar

Ela quer

Mergulhar no ar

Se precipitar

E suavemente te tocar

Ver seus pés

Tingidos de lama ao cirandar

Te emaranhar

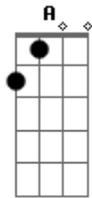

Te descabelar

Te ter como odara a Deus dará

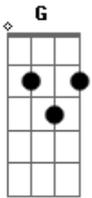

Dá pra ver

Que a chuva só cai pro céu dançar
