

# Gramofocas - Country Song (NoFX Should Listen More Ramones)

tom:  
 Never been in Alabama  
 I don't know anything from there  
 All I know is that is a pretty word I swear  
 Alabama Alabama Alabama Alabama  
 All I know is that is a pretty word, I swear  
 Never been in Idaho  
 I don't know anything about  
 Maybe there's a pig contest in that town  
 I'm not sure, I don't remember  
 Maybe it happens in November  
 All I know is that Idaho is a country word  
 Alabama: A cool word to say  
 California: I go away  
 Idaho: A place to stay  
 All I know is that in Tennessee I shoot whiskey in my veins  
 Never been in California

And I know I'd like that place  
 But that punk rock scene would make me go away  
 That kinda melodic HC  
 Can make me puke my intestines  
 I know that guitar solos make me sick  
 NOFX, Propagandi is the same  
 Blink, Lag Wagon and No Use for a Name  
 Too many chords in just one song  
 I think they should listen more Ramones  
 Never been in Tennessee  
 I know Jack Daniel's is from there  
 The best whiskey maybe is from the best town  
 There are so many places I'd like to go  
 My Country Song around the world  
 I love to travel with my dear(beer) band  
 Alabama: a cool word to say  
 California: I go away  
 Idaho: a place to stay  
 All I know is that in Tennessee I shoot whiskey in my veins

## Acordes
