

# Grandson - Rock Bottom

tom:  
 [Refrão]  
 Tell me how did we get here?  
 And where the fuck do we go now?  
 First I was floating through the atmosphere  
 But now I'm looking up at rock bottom, bottom (bottom, bottom)

[Primeira Parte]  
 Everybody told me ever since I was young  
 I should bite my tongue  
 Couple kids, picket fence  
 Maybe earn a nice income  
 It'll get you some peace of mind  
 Stepping on everything'll be just fine  
 Then I look up, found they must've left me behind  
 Send shivers down my spine

[Refrão]  
 Tell me how did we get here?  
 And where the fuck do we go now?  
 First I was floating through the atmosphere  
 But now I'm looking up at rock bottom, bottom (bottom, bottom)

[Segunda Parte]  
 Next door neighbor said I better get a 9:00 to 5:00  
 Just to stay alive  
 Talking 'bout change, boy, that's nothing but a waste of time  
 Now I, now I wish that I read the signs better 'cause the

writing was on the wall  
 And now we got front row seats, watch the system fall  
 'Cause look who's in control  
 [Refrão]

Tell me how did we get here?  
 And where the fuck do we go now?  
 First I was floating through the atmosphere  
 But now I'm looking up at rock bottom, bottom (bottom, bottom)  
 [Ponte]
