

Green Day - Brutal Love

Tom: Ab
Intro: Ab x4

Turn out the lights
Close your eyes
Turn up the silence
The heartache of your life

Dance forever
Under the lights
This brutal love

Oh how you want it
You're begging for it
But you can't have it
Even if you try

It's in the clutches
In the hands of
This brutal love

Old toys
This plastic card
Loners and fools
Are tearing me apart

Here comes trouble
The uninvited
This brutal love

Danger
Not quite at home
The eyes of temptation
The flesh of my bones

Hello stranger
I'm a disaster
This brutal love

Bad luck
Bitters and soda

Anguish and shame
The modern fool
Bad sex
Buy me a train-wreck
Just something for my troubled
Mind
