

Green Day - Missing You

Tom: **A**

A **E** **D**
 Waking up, feeling naked
 In my closest idle room that's vacant

Lost my nerve, it's unnerving
 I know there's something i'm forgetting

I searched the moon i lost my head
 I even looked under the bed
 I punched the walls, i hit the streets
 I'm pounding the pavement
 Looking

I'm missing you
 I'm missing you
 You're not around
 And i am a complete disaster
 I'm missing you

Remember, it was the first time
 I told you i loved you at the bus station

Don't forget, 'cause it's not over
 I'm not lost 'cause i'm just missing you

I searched the moon i lost my head
 I even looked under the bed
 I punched the walls, i hit the streets
 I'm pounding the pavement
 Looking

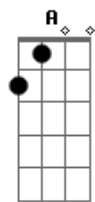

I'm missing you
 I'm missing you
 You're not around
 And i am a complete disaster
 I'm missing you

Well she's my blood,
 And she's my soul
 I get so lost,
 Out in the cold

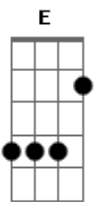

I feel so far,
 Like this lone star
 It gets so hard,
 When i'm missing you

I'm missing you
 I'm missing you
 You're not around
 And i am a fucking disaster
 I'm missing you
