

# Green Day - Missing You

Tom: **A**

**A** **E** **D**  
 Waking up, feeling naked  
 In my closest idle room that's vacant

Lost my nerve, it's unnerving  
 I know there's something i'm forgetting

I searched the moon i lost my head  
 I even looked under the bed  
 I punched the walls, i hit the streets  
 I'm pounding the pavement  
 Looking

I'm missing you  
 I'm missing you  
 You're not around  
 And i am a complete disaster  
 I'm missing you

Remember, it was the first time  
 I told you i loved you at the bus station

Don't forget, 'cause it's not over  
 I'm not lost 'cause i'm just missing you

I searched the moon i lost my head  
 I even looked under the bed  
 I punched the walls, i hit the streets  
 I'm pounding the pavement  
 Looking

I'm missing you  
 I'm missing you  
 You're not around  
 And i am a complete disaster  
 I'm missing you

Well she's my blood,  
 And she's my soul  
 I get so lost,  
 Out in the cold

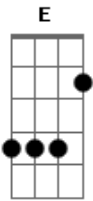

I feel so far,  
 Like this lone star  
 It gets so hard,  
 When i'm missing you

I'm missing you  
 I'm missing you  
 You're not around  
 And i am a fucking disaster  
 I'm missing you
