

Green Day - Murder City

Tom: C

Desperate
 But not hopeless
 I feel so useless
 in the murder city
 desperate
 But not helpless
 The clock strikes midnight
 in the murder city
 Im wide awake after the riot
 this demonstration of our anguish
 this empty laughter has no reason
 like a bottle of your favourite poison
 we are the last call and were so pathetic

Desperate
 But not hopeless
 I feel so useless
 in the murder city
 desperate
 But not helpless
 The clock strikes midnight

in the murder city
 Christians crying in the bathroom
 and I just want to bum a cigarette
 weve come so far, weve been so wasted
 Its written all over our faces
 we are the last call and were so pathetic

Desperate
 But not hopeless
 I feel so useless
 in the murder city
 desperate
 But not helpless
 The clock strikes midnight
 in the murder city

Desperate
 But not hopeless
 I feel so useless
 in the murder city
 desperate
 But not helpless
 The clock strikes midnight
 in the murder city
