Stay with your hands up in the sky, like you want to testify

For the life that's been deleted

Sing like a rebel's lullaby

Under the stars and stripes, for the lost souls that were cheated

We will be seen but not be heard

We are, revolution radio

Operation no control

And the headline, my love's bullet proof

Give me cherry bombs and gasoline

Debutantes in surgery

And the headline, legalize the truth

( A F G C )

Give me rage like there's tear gas in the crowd

Do you want to live out loud, but the air is barely breathing

Lies, all the slums to the obsolete

The dawn of the new airwaves for the anti-social media

We are, revolution radio

Operation no control

And the headline, my love's bullet proof

Give me cherry bombs and gasoline

Debutantes in surgery

And the headline, legalize the truth
