

Gregory Porter - Our Love

tom:

Intro: C C7 F Bb7
C C7 F Fm

They think we're weak

But you're the reflection of my love

We're incomplete

But you're the direction of my love

Vultures are flying 'round the ramparts of

The towers of our love

Don't it sound sweet?

Our love

How did we meet?

This is the question of our love

They pray defeat

Petty pallbearers of our love

Forces of hate have stormed the gates around

The castles of our love

Don't it sound sweet?

Our love
