I didn't know there was a tower  
 Where they look out to the land  
 To see the people quickly passing by  
 This is for their own desire  
 As they spit down to the earth  
 To feel the power boiling in their veins

Many people are dividing  
 And a world apart with just one heart  
 Is bound to keel and fade away  
 None of us will be deciding  
 And the fate of man is in the hands  
 Of he who stands and heeds the call
