

Grimes - Oblivion

tom:

C

I never walk about, after dark
 F C G Am
 It's my point of view
 C G
 If someone could break your neck
 Am F
 Coming up behind you, always coming
 C
 And you'd never have a clue

C G Am
 And now I'm left behind, all the time
 F C
 I will wait forever,
 C G
 Always looking straight
 Am F C
 Thinking, counting, all the hours you wait

(C G Am)

F C G Am
 See you on a dark night
 F C G Am
 See you on a dark night
 F C G Am
 See you on a dark night
 F C G Am
 See you on a dark night

C G Am

And now another clue, I would ask
 F C
 If you could help me out
 C G
 It's hard to understand
 Am
 'cause when you're really by yourself
 F C
 It's hard to find someone to hold your hand

C G Am
 And now it's gonna be tough to me
 F C
 But I will wait forever
 C G
 I need someone else to look
 Am
 Into my eyes and tell me
 F C G
 Girl you know you gotta watch your health

Am
 To look into my eyes and tell me
 F C G
 La la la la la
 Am
 To look into my eyes and tell me
 F C G Am
 La la la la la
 F C G Am
 La la la la la
 F C G Am
 La la la la la

(F C)
