

Grupo Tropical - Luz da Esperança

tom:

Intro: Dm Eb A7

Um dia eu encontrar

A paz que tanto preciso

Não sei de onde ela virá

Talvez de um simples sorriso

E que guarda no coração

A eterna luz da esperança

Quem espera um dia alcança

A caminhada ser feliz

E assim vou seguindo o caminho da vida

Tentar cicatrizar as minhas feridas

Guardada no fundo do peito

Não da pra aguentar sei que a felicidade um dia virá

E assim vou seguindo o caminho da vida

Tentar cicatrizar as minhas feridas

Guardada no fundo do peito

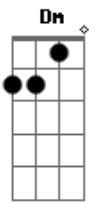

Não da pra aguentar sei que a felicidade um dia virá

Um dia eu encontrar
