

Guccihighwaters - Oh Fuck Im Drunk

Tom: G

Intro: Ebm Db B
Dbm Db B

All this alcohol does is just dumb my creativity
But when I'm sober feel my pain just much more vividly
And when I'm with you satisfaction like some symmetry
You always crossing my mind like I was in the streets

[Refrão]

I'm fucking shaking again
She said I get that
I love how she's so understanding
Oh fuck I'm drunk
I don't think she understands me
It's okay I'll just shut up and go to plan b

[Primeira Parte]

Wait what was plan b
'Cause I forgot that
Inspiration yeah you know
I fuckin' lost that
(Your heart) oh yeah I fuckin' broke that
(I'm so sorry), I'm so sorry
Life's too short
And everything kills you
You annoy me bitch
Don't ask me if I feel you

What's with this petty shit?
Just hit my phone now
Home alone alcohol in my dome now

[Refrão]

I'm fucking shaking again
She said I get that
I love how she's so understanding
Oh fuck I'm drunk
I don't think she understands me
It's okay I'll just shut up and go to plan b

[Segunda Parte]

I'm too fucked yeah I can't even text you
I'm too anti social spending days up in my bedroom
Four loko reappearing in the rest room
I don't really care 'cause I'ma go to bed soon
And all this nature all it does is congest me
Now all my music all it does is express me

[Refrão]

I'm fucking shaking again
She said I get that
I love how she's so understanding
Oh fuck I'm drunk
I don't think she understands me
It's okay I'll just shut up and go to plan b
