tom:

Intro: D F G Ab

D F G Ab
It don't really matter
D F G Ab
Gonna find out for yourself
D F G Ab
No it don't really matter
D F G Ab
You're gonna leave this thing to
Ab
Somebody else

(and so it continues until the end of the solo)

If they were missionaries
Real time visionaries
Sitting in a Chinese stew
To view my dis-infatuation
I know that I'm a classic case
Watch my disenchanted face
Blame it on the Falun Gong
They've seen the end and you can't hold on now

'Cause it would take a lot more hate than you
To end the fascination, even with your iron fist
More than you got to rule the nation
When all I've got is precious time

Acordes

It don't really matter
Guess I'll keep it to myself
Said, it don't really matter
It's time I look around for somebody else

'Cause it would take a lot more time than you
Have got for masturbation, even with your iron fist
More than you got to rule the nation
When all we've got is precious time
More than you got to fool the nation
But all I've got is precious time

(at this point the solo goes until the end of the song)

It don't really matter
I guess you'll find out for yourself
No, it don't really matter
So you can hear it now from somebody else

You think you got it all locked up inside
And if you beat 'em enough, they'll die
It's like a walk in the park from a cell
Now you're keeping your own kind in hell
When your Great Wall rocks, blame yourself
While their arms reach out for your help
And you're out of time
