

# Guns N' Roses - Set Me Free

Tom: <b>A</b>	(final)
(tema filme - Hulk)	You operate and motivate on synthetic fuel
(guitar 1)	You're mother nature and an atom bomb
	As long as you're kept full of pretty bodies
	Your little secret will be safe with me
(guitar 2)	Around again
	Insane again
(riff)	It comes again
	And sets me free
(refrão)	(refrão)
	So set me free, set me free
	'Cause I think you need my soul
	Set me free, set me free
so set me free,....	You kept a lock and pulled a rise and fall
	I'm thinking mama never lies
	And everything that you see
set me free...	But now I did it all, I did a little
	I wanna take you down with me
(refrão 2)	Around again
	Insane again
	She comes again
	And sets me free
(bridge)	(refrão 2x)
	So set me free, set me free
	'Cause I think you need my soul
so take me down...	Set me free, set me free
	(bridge 2x)
	So take me down
	Take me, down, down, down, down
(solo - Slash guitarra 1)	Take me down, take me down
	(refrão 4x)
	So set me free, set me free
	'Cause I think you need my soul
	Set me free, set me free

## Acordes
