

Guns N' Roses - Set Me Free

Tom: A	(final)
(tema filme - Hulk)	You operate and motivate on synthetic fuel
(guitar 1)	You're mother nature and an atom bomb
(guitar 2)	As long as you're kept full of pretty bodies
(riff)	Your little secret will be safe with me
(refrão)	Around again
so set me free,....	Insane again
set me free...	It comes again
(refrão 2)	And sets me free
(bridge)	(refrão)
so take me down...	So set me free, set me free
(solo - Slash guitarra 1)	'Cause I think you need my soul
	Set me free, set me free
	You kept a lock and pulled a rise and fall
	I'm thinking mama never lies
	And everything that you see
	But now I did it all, I did a little
	I wanna take you down with me
	Around again
	Insane again
	She comes again
	And sets me free
	(refrão 2x)
	So set me free, set me free
	'Cause I think you need my soul
	Set me free, set me free
	(bridge 2x)
	So take me down
	Take me, down, down, down, down
	Take me down, take me down
	(refrão 4x)
	So set me free, set me free
	'Cause I think you need my soul
	Set me free, set me free
