

# Gus Hillen - This Time

tom:

Bm  
 Walking never stop talking when I'm with you  
 Bm G Em A  
 All the places that I've been chasing looking for you  
 Bm G Em A  
 I'm going to be high and crazy thanks to you  
 Bm G Em  
 It's raining in my heart oh baby what can I do?

Bm G Em A  
 Sad stories flowing through my body over my soul  
 Bm G Em  
 I remember holding back together but not no more  
 Bm G Em A  
 We're going out for a party and the other day will be no cool  
 Bm G Em

Never thinking to stop oh baby what will I do?

G Gb Em  
 This time I walk alone I walk with pride  
 G Gb Em  
 This time there is no fog between my eyes  
 G Gb Em  
 This time I never want to see you again  
 G Gb Em  
 This time you are a shadow for this fool  
 Bm  
 But this fool is in duty no more?no more

Bm G Em A  
 Singing playing for the living that's what I do  
 Bm G Em  
 Now the changing is making me believing life is so good

Bm G Em  
 And if you shake shake with the white lady baby help your soul

## Acordes
