

Gusttavo Lima - Mineirinha

Tom: D

(intro) D A D A D A G D A D

No triângulo mineiro tem alguém a me esperar

Naquela rua da mata Esse alguém mora lá

Olhos da cor da lua cabelos cor de carvão

Mineirinha mais bonita que domou meu coração

Saudade está me matando de paixão eu vou morrer

Somente essa pessoa poderá me socorrer

passagem A B Db)

Apaixonado demais acaba não Minas Gerais

Ah! Esse amor me invade

Ah! Agora é tarde

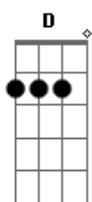

Ah! Estou no sufoco

Por uma menina de Patos de Minas

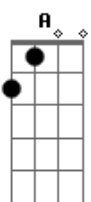

Que me deixou louco.

(repete tudo)
