Tom: G
Intro: Em C
Hope the wound heals but it never does
That's cause you're at war with love G
You're at war with love, yeah D

Refrão:
These battle scars don't look like they're fading Em C

Don't look like they're ever going away G
They ain't never gonna change D
These battle...

Never let a wound ruin me Em C
But I feel like ruin's wooing me G
Arrow holes, they never close from Cupid on a shooting spree D
Feeling stupid cause I know it ain't no you and me Em C
But when you're trying to beat the odds up
Been trying to keep your nods up G
And you know that you should know
And let her go D
But the fear of the unknown
Hold another lover strong Em
Sends you back into the zone C
With no Tom Hanks to bring you home,
A lover not a fighter G
On the front line with a poem,
Trying to write yourself a rifle D
Maybe sharpen up a stone
To fight the tanks and drones of you being alone

Pré-Refrão:
I wish I never looked, I wish I never touched Em C
I wish that I could stop loving you so much C
Cause I'm the only one that's trying to keep us together G
When all of the signs say that I should forget her D
I wish you weren't the best, the best I ever had Em Em
I wish that the good outweighed the bad C
Cause it'll never be over (never be over) until you tell me D
it's over

You shouldn't have but you said it Em C

Now you're down on the ground screaming medic D
The only thing that comes is the post-traumatic stresses Em
Shields, body armors and vests don't properly work C
That's why you're in a locker full of hurt G
The enemy within and all the fires from your friends D
The best medicine's to probably just let it win Em
