

HAIM - Now I'm In It

tom:

E

[Primeira Parte]

E
Looking in the mirror again and again
Wishing the reflection would tell me something

A
I, I can't get a hold of myself

I can't get outta this situation

E
Walking in a straight line thinking about last time

This time I said I would do this right

A
Said I would never break this promise

And now I'm back to counting on us

[Pré-Refrão]

E
We cannot be friends

Cannot pretend

A
That it makes sense

E
We cannot be friends

Cannot pretend

A
That it makes sense
[Refrão]

E
'Cause now I'm in it

A
But I've been trying to find my way back for a minute

E
Damn, I'm in it

B
And I've been trying to find my way back for a minute
[Segunda Parte]

E
Locking all the doors to my house

I'm alone in my head

But I wish you were in my bed

A
Can't get a read on myself

Gotta change this situation

E
Something in the way that I felt when I woke up

Told me that I shouldn't give in, give up hope

A
Told me that I shouldn't fight what I felt

Told me I should not let go 'cause
[Pré-Refrão]

E
We cannot be friends

Cannot pretend

A
That it makes sense
[Refrão]

E
'Cause now I'm in it

A

B
Damn, I'm in it

A B
And I've been trying to find my way back for a minute

E
'Cause now I'm in it

A
And I've been trying to find my way back for a minute

E
And the rain keeps coming down along the ceiling

And I can hear it

B
But I can't feel it, oh
