

Halestorm - Private Parts

Tom: A

Baby forgive me did I do something wrong?
 (I don't wanna talk, cant we just let it go?)
 What could be so bad that you'd leave me hangin' on?
 (I'm not doin' time, this is not the scene of a crime)
 I lay in bed at night contemplating,
 why the hell you gotta keep me waiting.

CHORUS

Every time I try to get a little closer
 You shut down and the conversation's over
 I'm right here, but you leave me in the dark
 Show me your private parts.
 Give it up baby, what are you afraid of
 Love sucks when you don't know what it's made of
 We get naked but I can't undress your heart

Show me your private parts,
 show me your private parts
 I can't remember the last time that this felt real
 (I would've cut you out, if I didn't love you)
 And how can you blame me for feelin' the way I feel?
 (I'm not blaming you, I'm just tryin' to figure it out)
 I can take a little hesitating,
 I'll wait forever if its worth the waiting

CHORUS

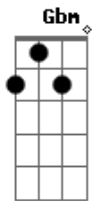

They say that silence is gold, but I think that's a lie
 You think I already know, but I can't read your mind...
 Baby forgive me did I do something wrong?
 (I don't wanna talk...)
 Show me your private parts
