

# HalfNoise - Mountain

Tom:

Intro: Am C F Dm

Am C F  
Reversed the steps I took when I was younger

Dm Am  
They fall to the ground

C F Dm  
I waited so long, I finally learned

Am C  
But half of me is half of you

F Dm  
I ran away so you would know

Am C  
In half of me is half of you

F Dm  
I wanna know where to go

Am C F Dm  
You're everything I left behind

Am C F Dm  
You're everything that I can't find

Am C F Dm  
It's a mountain, oh, mountain high

Am C F Dm  
It's a mountain, oh, mountain high

Am C F Dm  
It's the cold wind you saw rush in

Am C F Dm  
It's the bad mood you felt when you saw me alone

Am C  
But half of me is half of you

F Dm  
I ran away so you would know

Am C  
In half of me is half of you

F Dm  
I wondered why I let you go

Am C F Dm  
You're everything I left behind

Am C F Dm  
You're everything that I can't find

Am C F Dm  
It's a mountain, oh, mountain high

Am C F Dm  
It's a mountain, oh, mountain high

( Am C F Dm )

But half of me is half of you

I wanna know

If half of me is half of you?

Am C F Dm  
You're everything I left behind

Am C F Dm  
You're everything that I can't find

Am C F Dm  
It's a mountain, oh, mountain high

Am C F Dm  
It's a mountain, oh, mountain high

## Acordes
