

# Halsey - Alone

Intro: G Em G Em Tom:

Said he tried to phone me  
But I never have time  
He said that I never listen  
But I don't even try  
I got a new place in Cali  
But I'm gone every night  
So I fill it with strangers  
So they keep on the lights  
She said she told you she knows me  
But the face isn't right  
She asked if I recognized her  
And I told her I might

See, everywhere I go  
I got a million different people tryna' kick it  
But I'm still alone in my mind

I know you're dying to meet me  
But I can just tell you this  
Baby, as soon as you meet me  
You'll wish that you never did  
(You'll wish that you never did)

I stayed a night out in Paris  
Where they don't know my name  
And I got into some trouble  
With that drink in my veins  
I got a problem with parties  
'Cause it's loud in my brain  
And I can never say sorry  
'Cause I won't take the blame  
I know I always go missing  
And you're lying awake  
But if you ask why I'm distant  
Oh, I'm runnin' away

You know that everywhere I go  
I got a million different people tryna' kick it  
But I'm still alone in my mind

I know you're dying to meet me  
But I can just tell you this  
Baby, as soon as you meet me  
You'll wish that you never did  
(You'll wish that you never did)

I, I know you wanna  
I, I know you wanna  
I, I know you wanna  
Slip under my armor  
I, I know you wanna  
I, I know you wanna  
I, I know you wanna  
Slip under my armor

See, everywhere I go  
I got a million different people tryna' hit it  
But I'm still alone in my mind

I know you're dying to meet me  
But I can just tell you this  
Baby, as soon as you meet me  
You'll wish that you never did  
(You'll wish that you never did)  
Yeah

(I know you wanna)  
(I, I know you wanna)  
You'll wish that you never did  
(I know you wanna)  
(Slip under my armor)  
Oh  
(I know you wanna)  
(I, I know you wanna)  
You'll wish that you never did

## Acordes
