

Halsey - Colors

Tom: A

(com acordes na forma de G)

Capostrate na 2ª casa

Your little brother never tells you but he loves you so
 You said your mother only smiled on her TV show
 You're only happy when your sorry head is filled with dope
 I hope you make it to the day you're twenty eight years old

You're tripping like you're saturated sunrise
 You're spilling like an overflowing sink
 You're ripped at every edge but you're a masterpiece
 And I'm tearing through the pages and the ink

Everything is blue
 His pills, his hands, his jeans
 And now I'm covered in the colors

Pull apart at the seams

And makes me blue
 And makes me blue
 Everything is grey

His hair, his smoke, his dreams

And now he's so devoid of color

He don't know what it means

And makes me blue
 And makes me blue

You were a vision in the morning when the light came through

And I've only felt religion when I lay with you

Said you'll never be forgiven till your boys are too

I'm still waking every morning but it's not with you

You're tripping like you're saturated sunlight

You're spilling like an overflowing sink

You're ripped at every edge but you're a masterpiece

And I'm tearing through the pages and the ink

Everything is blue

His pills, his hands, his jeans

And now I'm covered in the colors

Pull apart at the seams

And makes me blue

And makes me blue

Everything is grey

His hair, his smoke, his dreams

And now he's so devoid of color

He don't know what it means

And he's blue

And he's blue

Everything is blue

Everything is blue

Everything is blue

Everything is blue

Everything is blue

You were red and you liked me because I was blue

You touched me and suddenly I was a lilac sky

Then you decided purple

Just wasn't for you

Everything is blue

His pills, his hands, his jeans

And now I'm covered in the colors

Pull apart at the seams

And makes me blue

And makes me blue

Everything is grey

His hair, his smoke, his dreams

And now he's so devoid of color

He don't know what it means

And makes me blue

And makes me blue

Everything is blue

Everything is blue

Everything is blue

Everything is blue
