

# Halsey - Forever (Is a Long Time)

tom:  
 Intro: **D** **G** **A**  
 I spent a long time watering  
**D** **Bm**  
 A plant made out of plastic  
**E** **A** **D**  
 And I curse the ground for growing green  
**D** **G** **A** **Gb** **Bm**  
 I spent a long time substituting honest with sarcastic  
**E** **A** **D**  
 And I curse my tongue for being mean

[Primeira Parte]

**Em** **Bm**  
 And weightless, breathless restitute  
**Em** **Bm**  
 Motionless and absolute  
**Em** **Bm** **E** **Gb**  
 He cut me open, sucked the poison from an aging wound  
**Em** **Bm**  
 Now fifty thousand war cadets  
**Em** **Bm**  
 Would cower at this small brunette  
**Em** **Bm**  
 To my surprise, not six feet high  
**Gb**

Would reach and grab the moon if I  
**Bm** **Gb**  
 Should ask or just imply  
**B**  
 That I wanted a bit more light  
**G**  
 So I could look inside his eyes  
**Gm**  
 And get the colors just right  
**D** **G** **D** **Bb** **Gm**  
 Just right, just right, just

( **Dm** **Bb** **Gm** **Dm** **Bb** **Gm** )  
 ( **Dm** **Bb** **Gm** **Dm** **Bb** **Gm** )  
 ( **Dm** **Bb** **Gm** **Dm** **Bb** **Gm** )  
 ( **Dm** **Bb** **Gm** **Dm** **Bb** **Gm** **Dm** )

**Gm** **A7**  
 Build love, build God, build provinces  
**Dm**  
 Build calluses, break promises  
**Gm** **A7** **Dm**  
 'Cause I could never hold a perfect thing and not demolish it  
**Gm** **A7**  
 What am I thinking? What does this mean?  
**Dm** **F**  
 How could somebody ever love me?  
**G** **A**  
 Talk to your man, tell him he's got bad news comin'
