

# Halsey - Hometown

tom:

Intro: So I'm playin' the drums, right? Okay

[Primeira Parte]

D G Em  
Davie died in the summertime in a hotboxed car  
D G Em  
With a seatbelt 'round his neck and a needle in his arm  
D G Em  
We'd smoke out in the parkin' lot behind convenient shops  
D G  
A bought a couple of grams of weed off him  
Em  
But so did all the cops  
D G  
Back then, the kids from other county  
Em  
We would walk out in the heat  
D G  
'Long the train tracks with our paper bags  
Em  
And gravel in our feet  
D G  
In our heads, we picked the husband  
Em  
From the hundred men we knew  
D G  
But I kissed a poster of a pop star  
Em  
And checked my breasts in cas? they grew

[Refrão]

D G  
Ther? ain't a reason on this earth  
Em  
I'd go back to my hometown  
D G  
Somewhere in the clouds  
Em  
Davie's runnin' for a touchdown  
D G  
The crowd appears and his mother cheers  
Em  
She's wavin' from the field  
D G  
And he's evergreen as seventeen  
Em  
For the last eleven years

D G Em  
Ooh-oooh, ah  
D G Em  
Ooh-oooh, ah

[Segunda Parte]

D G  
No, I never felt like anyone  
Em  
I was a paradoxul lie  
D G  
I didn't think that I was special  
Em  
But I was too afraid to die  
D G  
Like the others from my high school  
Em  
All those sad suburban ghosts  
D G  
Trapped in a cross next to a highway

## Acordes

Em  
While the rest of us get old

[Ponte]

D G Em  
The American dream means stayin' young forever  
D G  
And the picture in our pamphlet  
Em  
Gettin' yellow from the weather  
D G  
And years will pass since science class  
Em  
And I might forget your name  
D G  
But when the crow's feet come, the kingdom come  
Em  
Well, you'll always look the same

[Refrão]
