

# Hamilton Luduvica - More And More

Tom: **G**

( **D C G Gm** )

We go  
 We go there  
 We go to climb the stairs  
 Arrive in the sky  
 Inside the mind  
 Cross the river to the other side  
 Smelling roses  
 Feeling alive  
 Girls and boys enjoying the sunrise

We go  
 We go there

We go anywhere  
 Drink with friends and make love  
 Nothing more ends behind the groves  
 Skipping alone with no plans  
 Waiting for the train  
 Holding hands

I want to give more and more  
 I want to be more and more  
 I want to kiss more and more  
 I want to live more and more  
 I want to dream more and more  
 I want to believe more and more  
 I want to go crazy more and more  
 I want to feel more and more

## Acordes
