Intro: **Bm** **Gb** **G** **D** **A**  
**Bm** **Gb** **G** **D** **A**

**Bm** **Gb**  
I saved every letter you wrote me  
**G** **D**  
From the moment I saw you  
**A** **Bm**  
I knew you were mine  
**Gb**  
You said you were mine  
**G** **D** **A**  
I thought you were mine

**Bm** **Gb**  
Do you know what Angelica said  
**G** **D**  
When I told her what you'd done?  
**A** **Bm**  
She said  
**Gb**  
"You have married an Icarus  
**G** **D** **A**  
He has flown too close to the sun"

**Bm** **Gb**  
Don't take another step in my direction  
**G** **D** **A**  
I can't be trusted around you  
**Bm** **Gb**  
Don't think you can talk your way  
**G** **D** **A**  
Into my arms, into my arms  
**Bm** **Gb**  
I'm burning the letters you wrote me  
**G** **D**  
You can stand over there if you want  
**A** **Bm**  
I don't know who you are  
**Gb**  
I have so much to learn  
**G**  
I'm re-reading your letters  
**D** **Bm** **Gbm** **G**  
And watching them burn (burn)  
**D** **Bm** **Gbm** **G**  
I'm watching them burn (burn)

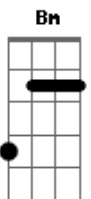

**Bm** **Gb**  
You published the letters she wrote to you  
**G**  
You told the whole world  
**D** **A** **Bm**  
How you brought this girl into our bed  
**Gb**  
In clearing your name  
**G** **D** **A**

You have ruined our lives  
**Bm** **Gb**  
Heaven forbid someone whisper  
**G**  
"He's part of some scheme"  
**D**  
Your enemy whispers  
**A** **Bm**  
So you have to scream  
**Gb**  
I know about whispers  
**D** **A**  
I see how you look at my sister

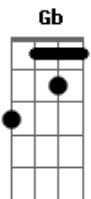

**Bm** **Gb**  
Don't! I'm not naive  
**G** **D** **A**  
I have seen women around you  
**Bm** **Gb**  
Don't think I don't see  
**G**  
How they fall for your charms  
**D** **A**  
All your charms  
**Bm** **Gb**  
I'm erasing myself from the narrative  
**G** **D**  
Let future historians wonder  
**A** **Bm**  
How Eliza reacted  
**Gb**  
When you broke her heart  
**G**  
You have thrown it all away  
**D** **Bm** **Gbm** **G**  
Stand back, watch it burn  
**D** **Bm** **Gbm** **G**  
Just watch it all burn

**D**  
And when the time comes  
**Bm**  
Explain to the children  
**Gbm**  
The pain and embarrassment  
**G**  
You put their mother through  
**D**  
When will you learn  
**D**  
That they are your legacy?  
**Bm**  
We are your legacy  
**D** **Em** **D** **G**  
If you thought you were mine  
(Mine, mine, mine)  
Don't
