

# Hamilton - First Burn

tom:

Intro: **Bm** **Gb** **G** **D** **A**  
**Bm** **Gb** **G** **D** **A**

**Bm** **Gb**  
 I saved every letter you wrote me  
**G** **D**  
 From the moment I saw you  
**A** **Bm**  
 I knew you were mine  
**Gb**  
 You said you were mine  
**G** **D** **A**  
 I thought you were mine

**Bm** **Gb**  
 Do you know what Angelica said  
**G** **D**  
 When I told her what you'd done?  
**A** **Bm**  
 She said

**Gb**  
 "You have married an Icarus  
**G** **D** **A**  
 He has flown too close to the sun"

**Bm** **Gb**  
 Don't take another step in my direction  
**G** **D** **A**  
 I can't be trusted around you  
**Bm** **Gb**  
 Don't think you can talk your way  
**G** **D** **A**  
 Into my arms, into my arms  
**Bm** **Gb**  
 I'm burning the letters you wrote me  
**G** **D**  
 You can stand over there if you want  
**A** **Bm**  
 I don't know who you are  
**Gb**  
 I have so much to learn  
**G**  
 I'm re-reading your letters  
**D** **Bm** **Gbm** **G**  
 And watching them burn (burn)  
**D** **Bm** **Gbm** **G**  
 I'm watching them burn (burn)

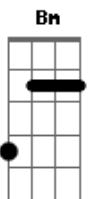

**Bm** **Gb**  
 You published the letters she wrote to you  
**G**  
 You told the whole world  
**D** **A** **Bm**  
 How you brought this girl into our bed  
**Gb**  
 In clearing your name  
**G** **D** **A**

You have ruined our lives  
**Bm** **Gb**  
 Heaven forbid someone whisper  
**G**  
 "He's part of some scheme"  
**D**  
 Your enemy whispers  
**A** **Bm**  
 So you have to scream  
**Gb**  
 I know about whispers  
**D** **A**  
 I see how you look at my sister

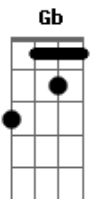

**Bm** **Gb**  
 Don't! I'm not naive  
**G** **D** **A**  
 I have seen women around you  
**Bm** **Gb**  
 Don't think I don't see  
**G**  
 How they fall for your charms  
**D** **A**  
 All your charms  
**Bm** **Gb**  
 I'm erasing myself from the narrative  
**G** **D**  
 Let future historians wonder  
**A** **Bm**  
 How Eliza reacted  
**Gb**  
 When you broke her heart  
**G**  
 You have thrown it all away  
**D** **Bm** **Gbm** **G**  
 Stand back, watch it burn  
**D** **Bm** **Gbm** **G**  
 Just watch it all burn

**D**  
 And when the time comes  
**Bm**  
 Explain to the children  
**Gbm**  
 The pain and embarrassment  
**G**  
 You put their mother through  
**D**  
 When will you learn  
**D**  
 That they are your legacy?  
**Bm**  
 We are your legacy  
**D** **Em** **D** **G**  
 If you thought you were mine  
 (Mine, mine, mine)  
 Don't
