

Hank Williams III - Country Heroes

Tom: G

Intro: Am C D Am
Am C D Am

Well, oh, what a feeling that burns down low
When you ain't got no where to turn or no where to go
It makes me feel like sometimes I'm outta control
So I'm gonna get wasted with all my country heroes
I'm drinkin' some George Jones and a little bit of coe
Haggard's easin' my misery and waylon's keepin' me from home
Hank's givin' me those high times, Cash is gonna sing it low
I'm here gettin' wasted here with my country heroes

I'm drinkin' that whiskey out of that glass
And if that ain't country boy, you can kiss my ass
I wanna hear them old songs Nothin' of the new
'Cause this might be the last time I'm gonna see you
So I'm drinkin' some George Jones and a little bit of coe
Haggard's easin' my misery and Waylon's keepin' me from home
Hanks givin' me those high times, Cash is gonna sing it low
And I'm here gettin' wasted just like my country heroes
I'm here gettin' wasted with all my country heroes
