

# Hans Zimmer - Hoist The Colours

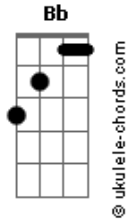

**Bb** tom:

## Hoist the Colours

From the motion picture:  
Pirates of the Caribbean: At World's End

This is the basic melody, in the movie they change the key a bunch and embellish it in sorts of ways so have fun with it.

## Acordes

I tried to kind of show the timing by how I spaced the notes but you'll probably have to to a recording to get it exactly right.

Yo ho haul together hoist the colours...

Heave Ho Theives and... Never shall we...
