 At Christmas, Christmas

 No matter who you are, how far you've come

 This is is where you belong  
 G C  
 At Christmas

Memories 'round the christmas tree  
 Are the sweetest ones that remain with me  
 It's a comfort deep inside  
 Though you can't stop the race of time

To know that Christmas will always be

Family nestled by the faire  
 A Christmas hope will be inspired  
 Loved ones by your side  
 You know you'll kiss your babies goodnight.

Em C  
 Can't you feel it changin'  
 Em  
 Sense the anticipation  
 C  
 You can tell we're almost there  
 E C  
 Precious time we're takin'  
 Em  
 Memories we're makin'

D D  
 There's a Christmas in the air

This is what Christmas means to me  
 Being together with your family  
 And the Wise Men who have followed that star  
 To where our Baby Jesus lay

Family nestled all around  
 Baby Jesus asleep so sound  
 And his star shined so bright  
 On that very first holy night
