

Hanson - Been There Before

Tom: B

I. Hanson / T. Hanson / Z. Hanson

There's a downtown corner, people downtown know
 And a back beat rhythm on the ra...di...o

And a girl who listens to a young man's song
 On the block I live on in the place I'm from

With a young man sitting on the dock of the bay
 He took a long-term trip on a first class plane
 Now the whole world listens to that one man's song
 On the block I live on in the place I'm from

Tell me, does it
 Move you does it
 Soothe you does it
 Fill your heart and soul
 With the roots of rock & roll
 Move you does it
 Soothe you does it
 Fill your heart and soul
 With the roots of rock & roll

Solo: Db Ab Bbm Gb Ab Db

Well the men in black sits on a screened in porch
 Making birthday wishes 71 almost
 You can hear him singing Chariot Swing Low

On the block I live on in the place I know

Solo: E B Dbm A B E

Tell me, does it
 Move you does it
 Soothe you does it
 Fill your heart and soul
 With the roots of rock & roll, does it
 Move you does it
 Soothe you does it
 Fill your heart and soul
 With the roots of rock & roll
 I've been there before
 I've been there before
 I've been there before
 I've been there before
 I've been there before
 When you can't get through it
 You can listen to it
 I've been there before
 When you can't get through it
 You can listen to it
 I've been there before
