

# Hanson - Crosstown Traffic

Tom: **Eb**

( Jimi Hendrix )

[Intro:] **G Bb Cm F Cm F Cm F Bb**

**Cm**  
I'm not the only soul  
**F**  
Who's accused of hit and run  
**Cm**  
Tire tracks across your back  
**F**  
I see you had your fun  
**Bbm** **Eb7**  
But a darlin can't you see my signals turn from green to red  
**Ab** **G7**  
And with you I can see a traffic jam straight up ahead

**Bb**  
You're just like  
**Cm** **F**

Crosstown traffic it's so hard to get to you  
**Cm** **F**  
Crosstown traffic I'm gonna run right over you  
**Cm** **F**  
Crosstown traffic you try to slow me down  
**Bb**  
And I got better things on the other side of town

**Gb** **F**  
You jump in front of my car all the time  
**Cm** **F**  
90 miles an hour baby is the speed I drive  
**Bbm** **Eb7**  
You say it's all right, you don't mind the pain  
**Ab** **G7**  
You say you just want me to take me for a ride

You're just like  
Crosstown traffic it's so hard to get to you  
Crosstown traffic I'm gonna run right over you  
Crosstown traffic you try to slow me down  
I'm trying to get to the other side of town
