And it's alright, yeah it's alright

Holding her tight in late December
I look in the stars and I remember
She doesn't mind when you offend her
And it's alright, yeah it's alright

D **A** **Bm**
Just a girl like you, and maybe just a

G **D**
Just a guy like me, maybe we

A **Bm**
Could take a walk on the wild side

D

Get up and go

Just a girl like you, and maybe just a
Just a guy like me, maybe we
Could take a walk on the wild side
Take a look and take a look and go
Get Up and Go

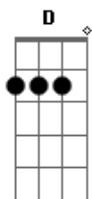

What could I give when you've got all you need
And she looks at me like all I want's a little free
Every time I look at you it makes me see
That it's alright, yeah it's alright

We'll get away be in love we can make it better
All I need's a little time for us to get together
Happiness is just a step away
When it's alright, yeah it's alright

Seems like love has always found a way
But there's only so many hours in the day
All that I know is that you're here with me
And it's alright, yeah it's alright

Won't you tell me that you need me so bad
'Cause you are everything I've never had
Every time I look at you it hurts so bad
And it's alright, yeah it's alright
