

Hanson - Go

Tom: G
Intro: G C Em D

G C
For all the love we've made
Em D
Just one thing stays the same
G C
The lamp gets dusty, the pipes get rusty
Em D
But I don't wanna wash my hands clean

Well you say you love me too
Then why won't you go through
With the nightly kisses, with the hits and the misses

Well if you can make it on your own then...

G C
Go if you wanna go
Em D G
But stay if you wanna know the way
C
Through the mess we've made
Em D G
Or lie in the bed you know or go

I heard your moving van
But I didn't take a stand
You can't leave with them
You can't live without them
I never thought I'd want to let you...
