

# Hanson - Go

Tom: G  
Intro: G C Em D

G C  
For all the love we've made  
Em D  
Just one thing stays the same  
G C  
The lamp gets dusty, the pipes get rusty  
Em D  
But I don't wanna wash my hands clean  
  
Well you say you love me too  
Then why won't you go through  
With the nightly kisses, with the hits and the misses

Well if you can make it on your own then...

G C  
Go if you wanna go  
Em D G  
But stay if you wanna know the way  
C  
Through the mess we've made  
Em D G  
Or lie in the bed you know or go  
  
I heard your moving van  
But I didn't take a stand  
You can't leave with them  
You can't live without them  
I never thought I'd want to let you...
