

Hanson - Lay Me Down

Tom: G

I'll never walk away from this
 I'll pull you closely to my chest
 With a father's breaking heart
 I'll walk you one last time into the dark

There are no reasons to explain
 A solid kill but there's no blame
 There are no answers though I pray
 I die though this is not my grave
 And I lay you down (lay you down)

I'll carry you, child to a place where you can rest
 Between tears that seep into the heavens and as I put you down
 to bed
 It tears me into pieces watching you fight to fill your lungs
 with breath
 There's no need to struggle, there's no need to struggle

And I lay you down (lay you down)
 Don't you cry no more
 I'd gladly lay me down (lay me down)

I lay me down (lay me down)

Mmm?Ohhhh

Well, I'm not ready, I'm not ready for this
 Oh, I'm not ready, I'm not ready for this

They'll ask no branches from this soil

My broken spirit steals my voice

I have no secrets to my name

Only the shadows hide my shame

And so I lift you upon my shoulder

Inside a splintered wooden chest

To Avalon we line the street

I only hope that you're finally at rest

I'm not ready for this (I'm not ready, I'm not ready)

I lay you down (lay you down)

Don't you cry no more (I'm not ready, I'm not ready)

I lay me down (lay me down)

I'd gladly lay me down (lay me down)
