

Hanson - Leave it at That

Tom: C

(I. Hanson / T. Hanson / Z. Hanson)

[Intro:] C F G F

What does a walk in the park mean?
 How bout a kiss when we're driving?
 How much for the flutter in your heart?
 What does the scent of a rose say?
 Cause if you at it that way
 You know it's gonna make you fall apart
 You squeeze so tight whenever you hold me
 Know that our hearts are right where they should be

Leave it at that
 Don't look for ways to complicate and analyze it
 Leave it at that
 Or this will disappear before you realize

I know you won't to say it love
 So let's just say its close enough
 Leave it at that

Won't know what it is about me
 That makes you think you should doubt me
 Wonder where this song might lead
 Why do you have to explain it?
 Till there is nothing remaining
 Isn't happy all you need?
 Look in my eyes we're dancing slowly
 Know that our hearts are right where they should be so

Leave it at that
 Don't look for ways to complicate and analyze it
 Leave it at that
 Or this will disappear before you realize
 I know you won't to say it so
 So let's just say its close enough
 And leave it at that

Don't read my mind, don't search for signs
 Don't waste your time

Just looking for words between the lines
 Baby don't you feel, this love so real
 Right now all we have to do is just...
