This time I won't take you back,

I could never promise that you'll never be lonely,  
But as long as we're together it can always only be,  
Misery

Last night I got off the fence,  
Cause I won't be the fool,  
This side the grass is greener then,  
The garden that I used to grow, walking on down the road

Solo: Eb Bb Cm F

Bb Bb7 Gm  
This time I won't take you back,  
I won't be the fool.
