

Hanson - My Own Sweet Time

Tom: G

(I. Hanson / T. Hanson / Z. Hanson)

G
Hello goodbye my friend
Feels like the start all over again

Em **C**
But I'd rather not pretend

G **D**
There aren't things left to mend

Em **C**
Somebody break my fall

G **D**
I'm slippin' down all over again

Em
I'm doing it all over

G **C** **Am**
Takin' my own sweet time

Em
I may make it slower

G **C**
But I'm takin' my own sweet time

Am
I'm takin' my own sweet

Em **C**
Tell me where I begin

G **D**
You can't deny what's already there

Em **C**
I won't break but I can bend

G **D**
Your shipping the scars so that I can't mend?

Em **C**
Feel your fingers around my throat

G **D**
There's nothing but bones beneath my skin

Em **C**
Somebody break my fall

G **D**
I'm slippin' down all over again

Em
...time

C **G** **D**
I'm doing it all over again, my friend

Em **C** **G** **D**
See my friend, you know, I'm doing it all over again, again

Oh hello goodbye my friend

Until we start all over again

Oh somebody break my fall

I'm slippin' down all over again

(**Em G C Am**)

Oh over again

Oh doing it all over

Hello goodbye my friend

Until we start all over

Start all over again

I'm doing it all over

Doing it all over

Hello goodbye my friend

Until we start all over

Start all over

I'm doing it all over again

Doing it all over again
