

Hanson - My Own Sweet Time

Tom: G

(I. Hanson / T. Hanson / Z. Hanson)

G
Hello goodbye my friend
Feels like the start all over again
Em C
But I'd rather not pretend
G D
There aren't things left to mend
Em C
Somebody break my fall
G D
I'm slippin' down all over again
Em
I'm doing it all over
G C Am
Takin' my own sweet time
Em
I may make it slower
G C
But I'm takin' my own sweet time
Am
I'm takin' my own sweet
Em C
Tell me where I begin
G D
You can't deny what's already there
Em C
I won't break but I can bend
G D
Your shipping the scars so that I can't mend?

Em C
Feel your fingers around my throat
G D
There's nothing but bones beneath my skin
Em C
Somebody break my fall
G D
I'm slippin' down all over again
Em
...time
C G D
I'm doing it all over again, my friend
Em C G D
See my friend, you know, I'm doing it all over again, again
Oh hello goodbye my friend
Until we start all over again
Oh somebody break my fall
I'm slippin' down all over again
(Em G C Am)
Oh over again
Oh doing it all over
Hello goodbye my friend
Until we start all over
Start all over again
I'm doing it all over
Doing it all over
Hello goodbye my friend
Until we start all over
Start all over
I'm doing it all over again
Doing it all over again
